Dear CWA Local 1032 State Executive Branch Members,

The CWA Bargaining Committee and the Murphy Administration are in formal negotiations to resolve all legal, contractual and retroactive matters (including wages, increments and other benefits). We will resume bargaining next week and we will continue until a tentative agreement is reached.

I know there is a tremendous amount of frustration over the slow pace of negotiations, and that members are anxious for updates. The Bargaining Committee is committed to reaching an agreement that we can present to the members for ratification and we will provide details as soon as possible.

Any tentative agreement reached will be subject to ratification by the members. We will distribute all details and hold meetings to discuss any agreement, and answer any questions, prior to a ratification vote taking place.

As we have said all along, undoing the destructive legacy of the last 8 years will take some time but we are moving forward. Your support and solidarity are critical to that process.

In Solidarity,

Patrick Kavanagh
President
